Call for Contributions to three Video Clips

Dear friends,

The **22nd European Scout Conference** is almost here and we are working hard to ensure that all participants will have a memorable event. One of our aims is to increase the contribution from young people during the Conference and to do this we would like to invite your NSO/NSA to contribute to short video clips, which will subsequently become part of the European Scout Conference presentation.

We plan to present **three different videos** during the Conference focused on the following three topics: Money, Human Rights and Spirituality

To be able to show interesting and catchy video clips we would like to ask you three things:

1st step select and interview a group of Scouts
(ensuring that you have their parents' written permission to interview and publish their interviews online).

2nd step Gather your group of Scouts and ask them individually, in their mother tongue:

- What do you think about Money and Human Rights and Spirituality?
- What do you think Scouts can do about Money and Human Rights and Spirituality?
- What do you think you can do about Money and Human Rights and Spirituality?
- Do you have any recommendation for the Adult Leaders who are participating in the European Scout Conference?

Important note:

- *You do not need to ask all questions to all Scouts.*
- *You can produce your videos with a mobile camera, but please ensure the quality of the image and sound is good.*
- *Video framework: we would prefer videos that focus on young people's faces*

3rd Step Select the most interesting video sequences and send them to the European Support Centre (europa@scout.org).
Identify a person to help our video editorial team to translate/subtitle your videos.

In order to have time to produce the final three videos we would like to have your feedback before 15 May 2016.
